HELP SAVE SCHOOL FUNDING

Without an extension of current temporary taxes set to expire in June, school districts around the state – including SCUSD – may be forced to make awful decisions that will affect classrooms and programs. The SCUSD Board-approved “Worst-Case Scenario” Budget includes increasing class sizes at nearly every grade level – resulting in the loss of hundreds of great teachers in our district – and the elimination of bus service* and extra-curriculars like sports, band, drama and yearbook.

BUT, there’s still hope. If the Governor and state legislators are able to find a solution that makes sense for schools, we can save these vital positions and programs.

HOW WILL THE STATE’S UNDERFUNDING AFFECT SUTTER MIDDLE?

- 6 pink slipped teachers!
- 36 students per class

WHAT CAN YOU DO?

- **STAY INFORMED:** follow all the latest budget news at the District’s Budget News website www.scusd.edu/BudgetNews.
- **LET YOUR VOICE BE HEARD:** make sure you let the Governor and legislators around the state know where you stand on this critical issue!

*except in the case of Special Education students and Program Improvement/Choice
